1. OBJECTIVES

The League shall be known as the CSL Eastern Premiership (hereinafter referred to as “the League”).

The objectives of the League shall be:

- (a) To provide a forum for the top qualifying clubs in the East of Scotland to compete in a league competition, with the aim of increasing participation and improving standards of club facilities.
- (b) To promote Club Cricket at its highest level to all stakeholders.
- (c) To ensure that Clubs comply with the playing & training facilities and coaching standards detailed in the Rules below.
- (d) To ensure each member club within the League meets the requirements of the Eastern Premier Division Club Development Criteria.

2. MANAGEMENT AND ADMINISTRATION

- (a) The League is arranged by and played under the auspices of Cricket Scotland with the East of Scotland Cricket Association (ESCA) and the Strathmore & Perthshire Cricket Union (S&PCU).
- (b) The League shall be administered by the East League Management Group (ELMG) on behalf of ESCA and S&PCU
- (c) The ELMG shall administer the League in accordance with these Rules. The ELMG shall be the sole interpreter of the Rules with the power to discipline or sanction any club or player in breach of the Rules (including the right to deduct points) with the proviso that any decision can be subject to appeal to the CS Appeals Committee.
- (d) The ELMG may relieve a club from the consequences of a failure to comply with any provision of these rules where that failure is shown to be due to mistake, oversight or other excusable cause. Where the ELMG so relieves a club from the consequences of a failure to comply with a provision of these rules the ELMG may impose any condition it thinks fit in order (i) to ensure that an equitable result is achieved, and (ii) to ensure future compliance with the rules.
- (e) Each club shall be a fully subscribed member of Cricket Scotland prior to the start of each season.

3. COMPOSITION OF LEAGUE

A requirement for any club playing in the League is for that club to field a Second XI playing league cricket in a league competition acceptable to the ELMG.

The League shall comprise ten teams.

At the end of the season the following provision will apply:

CSL Eastern Premiership

- The bottom club will be relegated to the top Regional League of ESCA or S&PCU, whichever is applicable.

Top Regional Leagues

- The leading eligible first XI team in these Leagues will play off against each other to determine which club is promoted to the CSL Eastern Premiership.

Any additional League vacancies, arising either from failure of member clubs to comply with the Rules of the League, or from voluntary resignation from the League, shall be filled, on merit, from clubs throughout the East of Scotland on the decision of the ELMG. Such clubs will be those, which, in the opinion of the ELMG, best meet the playing standards sought from member clubs.

4. REGIONAL LEAGUES

- (a) "Regional League" shall mean the following leagues: the East of Scotland Cricket Association League; the Strathmore and Perthshire Cricket Union.
- (b) "Regional League Clubs" shall mean any club playing in either of the Regional Leagues.
- (c) Any Regional League club wishing to obtain membership of the League by participating in the end of season play-offs (or by any other means) must be working towards satisfying the requirements of the Eastern Premier Division Club Development Criteria by 1st July in the season they are wishing to be promoted.
- (d) Any Regional League club wishing to obtain membership of the League and whose facilities do not meet League Standards as set out in Rule 11, must provide written commitment with plans and finance in place to upgrade their facilities as set out in Rule 11. This written confirmation is to be submitted to the ELMG no later than 1st July in the season Clubs are wishing to gain promotion.
- (e) Any Regional League club wishing to obtain membership of the League must have a Second XI playing regular league cricket.

5. LEAGUE PLACINGS

- (a) League placings will be determined by expressing the points awarded as a percentage of the 10 maximum result points available in all completed matches.
- (b) In the event that more than one team shall have an equal percentage – their placings will be determined by their net run rate (NRR) in all completed matches. If this does not separate the sides, then their placings will be determined, firstly, according to the points gained in matches between the sides, and secondly if still equal, according to their respective cumulative NRR in the matches between the sides.
- (c) If this fails to separate the teams then the ELMG will arrange for the teams to compete against each other in order that a decision is reached, but only if this is required to establish the winner of the League or the club to be relegated from the League.
- (d) A team's NRR is calculated by deducting from the Run Rate per 100 balls scored by that team throughout the season, the Run Rate per 100 balls scored against that team throughout the season.
- (e) Only those matches where results are achieved will count for the purpose of NRR calculations.

6. COMPLAINTS

- (a) Any complaint by one club against another club must be notified to the ELMG in writing within seven days of the event, otherwise they may be considered time-barred by the ELMG.
- (b) A complaint will not be time-barred if the club making the complaint can demonstrate to the satisfaction of the ELMG that (i) it could not reasonably have become aware of the event which is the subject of the complaint within seven days of the event occurring, and (ii) that the club has made the complaint within seven days of becoming aware of the event.
- (c) On receipt of the complaint the ELMG will, where appropriate, as soon as practicable invite reports from all parties involved. Any such report which has been requested must be back in the ELMG's hands within seven days of its letter requesting the report.
- (d) Once all reports have been received, and once any additional information has been obtained, a meeting of the ELMG will be convened, if appropriate, at the earliest opportunity to consider the matter. Any member of the ELMG with an interest in the case will not take part in that meeting. Any club which is involved may attend the meeting.
- (e) After the meeting the decision of the ELMG will be communicated as soon as practicable to all parties involved. Any decision of the ELMG can be subject to appeal to the CS Appeals Committee.

- (f) For the avoidance of doubt, this rule relates to complaints by one club against another where the complaining club seeks a remedy (such as, for example, an award of points) against the accused club. Nothing in this rule shall disentitle the ELMG from investigating any matter and, where appropriate, sanctioning a club in default notwithstanding the fact the complaint by the complaining club is time-barred.

7. DISCIPLINE

All clubs are expected to maintain a high standard of behaviour as laid down by the CS Code of Conduct (see Appendix 1). Any club or player found in breach of the Code may be liable to such action as deemed appropriate and necessary by the Cricket Scotland Disciplinary Committee. Any club or player has the right of appeal to the Cricket Scotland Appeals Committee.

8. SANCTIONS

8.1 Power to Impose Sanctions

Subject to:

- (i) the particular procedures laid down in Rule 8.3, and
- (ii) the particular penalties set out in Rules 8.2, 8.4, 8.5 and 8.6

If any member club fails to comply with any of the provisions of these rules then the ELMG shall have the power to impose any sanction upon the club including, without prejudice to the foregoing generality, any one or more of the following sanctions:

- (a) to require the club to carry out such remedial action as the ELMG deems appropriate within such time limit as to the ELMG shall seem reasonable in all the circumstances;
- (b) to order that the club be deducted points whether for the current season or for the following season; and
- (c) to disqualify the club from membership of the League.

For the avoidance of doubt, the ELMG may suspend the operation of a sanction or part of a sanction for such time as it shall consider appropriate to afford the club an opportunity of securing compliance with the particular rule which has been breached.

8.2 Breach of Rule 10 (Fixtures)

If a club cannot raise a team and fails to fulfil a fixture it will be subject to a sanction by the ELMG. Full points shall be awarded to its opponent and no points awarded to the conceding club. On the second occasion a club in any division cannot raise a team and fails to fulfil a fixture it will be expelled from the League and all matches played by that team declared null and void.

8.3 Breach of Rule 11 (Playing Conditions)

- (a) Where, in the opinion of the ELMG, there is ongoing concern about playing conditions at a club and it appears to the ELMG that a long-term solution is required to resolve the concern, the following provisions shall apply:
 - (i) In the first instance the ELMG shall attempt to agree with the club a plan for remedying the breach and a timescale within which that remedy is to be implemented; but
 - (ii) If no such agreement is reached or if the club fails to implement an agreement which has been reached then the club shall be liable to sanction in accordance with Rule 8.1, provided always that prior to any sanction being imposed the club shall have the opportunity to be heard either in person or by written submissions.
 - (iii) If a pitch is deemed unfit / dangerous for play by the umpires prior to play or once a game has started the matter will be referred by the umpires to the ELMG and the home club may be deducted 10 points. The visiting team will not be awarded any points in such an eventuality. Any subsequent abandonments will result in a doubling of the previous points penalty. This rule will not be applied where abnormal weather conditions have influenced the nature of the ground either prior to the game or once the game has started.
- (b) Nothing in paragraph (a) of this Rule (8.3) shall prevent the ELMG from imposing sanctions in accordance with Rule 8.1 for a breach of Rule 11 where, in the opinion of the ELMG, the breach does not require a long-term solution and was caused by fault on the part of the club.

8.4 Breach of Rule 15 (Players) and Rule 16 (Player Registration)

In the event of any breach of Rule 15 and / or Rule 16 the ELMG reserves the right to deduct points from the club concerned. A minimum penalty of 1 point will be automatically imposed for any such breach. The maximum points which can be deducted shall be the maximum points which were available to the team from the game(s) in which the breach(es) occurred.

8.5 Breach of Rule 13 (Match Returns)

The following provisions shall be applicable in the cases of clubs which are in breach of any or all of their obligations under Rule 13 (Match Returns):

- (d) on the fourth such occurrence the club will be subject to sanction by the ELMG in accordance with Rule 8.1.

8.6 Failure to Provide Scorer

- (a) on the occurrence of the first such failure the club shall be warned about its future conduct and shall be deducted one (1) point
- (b) on the second such occurrence the club will be deducted a further two (2) points
- (c) on the third such occurrence the club will be deducted a further four (4) points

The following shall apply where a club is disqualified under Rule 8.1(c):

- (a) If any club is disqualified under Rule 8.1(c) during the course of a season all results in all League matches in which the disqualified club participated in that season shall be declared null and void;
- (b) If any club is disqualified under Rule 8.1(c) after the end of a season then the following shall apply:
 - (i) all results from all League matches in which the disqualified club participated in that season shall continue to apply for all purposes (subject to paragraph (ii) below) notwithstanding that club's subsequent disqualification;
 - (ii) the disqualified club (or clubs as the case may be) shall, for the purposes of relegation within or from the League be deemed to finish in the last place (or the last places as the case may be)
 - (iii) the ELMG shall be responsible to do anything necessary to ensure that the correct number of teams shall play in the League in the following season including (without prejudice to the foregoing generality) inviting Regional League Clubs to become members of the League.

8.8 Right of Appeal

Any club which is sanctioned in accordance with this rule may appeal to CS under the appeals procedure set up by them. Any Club submitting an appeal must also lodge a bond of £100 which will be returned to the Club if the appeal is successful.

10. FIXTURES

- (a) The ELMG shall arrange fixtures for the League.
- (b) If any club finds that their ground is unavailable after the fixtures are issued they will be responsible for finding a suitable alternative venue, which must be acceptable to the ELMG. - (c) If any club finds that, within 7 days of any particular fixture, its ground is 'out of bounds' due to extenuating circumstances as agreed with the ELMG, it may request permission to find a suitable alternative venue, which must be acceptable to the ELMG. If that club is unable to find a suitable alternative venue then the match will be cancelled and declared null and void.
- (d) No alteration to the fixtures so arranged shall be permitted other than with the prior consent of the ELMG.
- (e) Fixtures will be arranged on the basis of
 - each team playing all other teams in the League on a home and away basis, giving a total of eighteen scheduled League Matches
 - a fixture which is not played or which is deemed to be uncompleted in terms of Rules 17 to 21 inclusive shall not be re-arranged. Having players on international duty for Scotland will not be regarded as sufficient grounds for Clubs to seek the re-arrangement of a fixture.

11. PLAYING CONDITIONS

Failure to achieve the latter may lead to a sanction by the ELMG in accordance with Rule 8.3

11.1 Cricket Balls

The grade of ball to be used in all matches shall be laid down by the ELMG.

11.2 Pitch and Square

- (a) All pitches must be of grass.

- (b) The square must be well maintained and in good condition with the whole of it being mown to a length not exceeding 16 millimetres ($\frac{5}{8}$ inch). The pitch must be prepared to the highest standard possible and clearly distinguishable from the remainder of the square. The length of grass on the pitch on the day of the match must be no more than 6 millimetres ($\frac{1}{4}$ inch) and shall be marked and rolled before play. Any holes or ruts on the square caused by previous matches must be levelled, filled and firmed before a subsequent match.

- (f) Any club which fails to have the required mandatory pitch markings, 30 yard circles, and boundaries marked as per rule 11.2, 11.4 and 11.5 will be subject to a report by the umpires. In addition, failure to remark the pitch during the interval between innings will be reported by the umpires. The umpires will inform the captain of the home team of any such report(s). The home club may be subject to sanction (see Rule 8).

The boundary must be clearly marked by rope or white line. Where a rope is used, markers may also be used, but where a white line is used, markers must also be used. Such markers shall be at regular intervals not more than 18.3 metres (20 yards) apart. Screens must be properly positioned outside the boundary before the commencement of play and provided at both ends. The screens may be mobile or fixed but must be of sufficient width and height to allow the batsmen to see the bowler's delivery from either over or around the wicket without impediment. These requirements may be waived if local practice or the contours of the ground preclude the provision of sightcreens.

The system for changing the numbers should be easily accessible to the scorers, simple to operate and in full working order.

- (a) Covers must be used to protect the pitch from rain, both during the match and in the preceding days as appropriate. Arrangements should be made for ground staff or other helpers to put the covers in place as quickly as possible.
- (b) Wheeled covers are recommended. However, plastic sheets/tarpaulins can be used provided they are well maintained and, overnight prior to a match, are laid over an underlay (hessian / coconut matting etc). It is recognised that use of an underlay may be difficult if the pitch requires to be covered during a match. Such underlay must cover the pitch area as a minimum. Whichever covers are used they must protect an area of at least 22.56 metres x 3.66 metres (74 feet x 12 feet).

In addition to the match-pitch,

- Clubs are encouraged to make every effort to ensure that bowlers run-ups are covered protecting an area of 5 metres (length) x 3 metres (width) as a minimum behind each set of stumps.
 - In addition Clubs are also encouraged to make every effort to ensure that an area adjacent to each side of the match pitch to a size of 25 metres (length) and 3 metres (width) is covered (including wicket ends).
- (c) Whichever method of covering is used, it must not allow water to seep through and clubs will be required to show that their covering arrangements are adequate to protect the pitch, taking into account the contours and draining characteristics of the ground.

11.9 Drying Equipment

An adequate supply of sawdust and cloths must be available to minimise lost playing time due to wet conditions. Additional covering for areas likely to cause a delay in play (e.g. the ends of previously used pitches) should be provided whenever possible. Other drying facilities, including brushes, forks, squeegees etc. can also be used.

Net practice facilities should be available for use by both sides (a minimum of two nets) before matches.
- (b) Any grass nets must be in good condition with true and predictable bounce. Artificial net pitches should be regularly maintained and rolled where appropriate to ensure true and predictable bounce.

11.12 Changing Rooms

- (a) Changing rooms must be well ventilated, lit and decorated, with heating whenever possible. Changing facilities must be provided for the visiting side with a separate facility, of a similar standard, for the umpires.
- (b) The rooms should be of adequate size and with suitable seating, tables or shelving for bags and equipment. Changing rooms should be easily accessible from the playing area, whilst preserving the privacy of the players, and should allow viewing of the playing area whenever possible. Flooring must be suitable for bare feet.
- (c) The changing rooms should have adequate security to ensure the security of equipment and possessions.

- (e) The captain of each team must complete the 'Captain's Report on Umpires' Form' and submit it to the CS Office within 7 days of each game where play is started. This form must be completed within the terms of the guidelines that are provided by CS to ensure that the comments on this form are meaningful. Failure to comply with this requirement may result in penalties being imposed.

14. WEATHER ISSUES PRIOR TO MATCH

- (a) In the event of inclement weather in the week leading up to a match causing damage to either the pitch or its surrounds, the home side shall advise the visiting side as early as possible that the match may be in doubt. However, no game shall be called off until the morning of the match unless it is agreed by any member of the ELMG or by a member of the CSL Umpiring Panel that an earlier cancellation is correct.
- (b) A responsible official of the home side shall, as early as possible on the morning of a match, check the state of the ground and the pitch. If it is clear that the prospects of play are unlikely, the home club shall contact the visiting club and advise accordingly in order that unnecessary travel expenditure may be avoided. In this context it should be remembered that the important point is not whether the pitch is playable at the time of inspection but whether play may be possible within 4 hours 50 minutes after a scheduled starting time of 12 noon, or 4 hours 20 minutes after any other scheduled starting time. If it is possible, the home club may call in a member of the ESCOA Umpiring Panel to give an independent assessment of the likelihood of play being possible.
- (c) Should the visiting side wish to travel, however, that will be their right. Under these circumstances the home side must continue to take whatever steps are within its power to ensure the pitch is playable either through the use of covers, blankets or by spiking or any other method.
- (d) The visiting team should travel if there is the slightest chance of play so that any steps taken by the home side to make the pitch playable might have the chance to take effect.
- (e) The Umpires appointed for the match must be kept informed by the home club of all events as they unfold.
- (f) Any home club which does not make sufficient efforts to make the pitch and ground playable may be sanctioned by the ELMG.

N.B. Each member club must have a copy of these Rules displayed at the ground on CSL Eastern Premiership match days.

- 1 The Captains are responsible at all times for ensuring that play is conducted within the spirit of the game as well as within the Laws.
- 2 It is the responsibility of each Club to acquaint their officials and players with the appropriate Codes of Conduct.
- 3 Players and team officials shall not at any time engage in conduct unbecoming which could bring them or the game into disrepute.
- 4 The CS Disciplinary Code shall apply to players, team and club officials as appropriate.
- 5 Players and team officials shall not use or in any way be concerned in the use or distribution of illegal drugs.
- 6 Players and team officials shall not disclose or comment upon any alleged breach of the code or upon any hearing, report or decision arising from such breach.

Additional Crease Markings - see Rule 11.2 (d)

As a guideline to the umpires for the calling of wides on the offside the crease markings, as detailed below, shall be marked at each end of the pitch. It is recommended that such lines, especially on pitches lying east/west, be marked in a dark colour, e.g. dark blue or black.

Please note that the back edge of the bowling crease should bisect the stumps.
